

Retreat Scholarship Application

The Women's Retreat is a special time when women can get away from normal responsibilities and enjoy an in-depth experience of fun, developing friendships with other women and spiritual growth. These funds have been made available so that those who otherwise could not enjoy this experience can have full benefit of the retreat. *Because these funds were given by individuals who desire that their investment be stewarded well, we are careful to determine that scholarships are only provided where there is a legitimate need, and we ask you to complete this application.*

Women should not feel hesitant to request assistance if it is needed, as one of the functions of a church is to share with each other when necessary. We have found that most women can have a part in funding this experience, so full scholarships are seldom given. Please honestly consider how much of the fee you can pay and indicate that on this form.

→ Please note that the gray spaces will expand as needed as you fill in the form.
