## Caring Ministry Volunteer Survey

Please fill this out even if done previously,  
as we are updating our list of volunteers.

At times, the Caring Ministry receives calls from people who are requesting help with simple, yet important tasks. Tasks that can be accomplished by a caring person who lives close nearby and that will greatly lighten someone's burden. As such, we are looking for people who would be willing to occasionally lend a hand to someone from COS. If you are, please fill out this form indicating how you are willing to help. As a need arises that matches your form, the Caring Ministry will call to see if you are available to help. This is a great way to share Christ's love with one another.
