Please read the following statement carefully:

Church of the Saviour mission teams do not have open enrollment. The leadership of the church takes its Biblical responsibility to shepherd and care for the members of the church seriously. Because of this, participation on our short-term teams is determined by the leadership of the church who will ask God for wisdom in discerning how to best encourage and protect the members of the church. Therefore, completion of this application does not imply approval of your participation on this short-term team. The team leaders will discuss and pray about your application and then contact you personally. Some teams are also limited by size, special requirements or other circumstances, which the leaders must also take into account.

Commitment –

If selected to serve on a team, I am committed to go through the training prior to the trip and any debriefing following the trip.

If I go on a trip, I will conduct myself in a way that is glorifying to God and in keeping with Biblical principles.

As a team member, I will always seek to serve those on the field and submit to the authority of our hosts and team leaders.

I have read, understand and affirm the above statements.
